

Beta Theta Pi Event Planning Guide

Revised August 2018

Beta Theta Pi's core values are:

- Mutual Assistance: Betas believe that men are mutually obligated to help others in the honorable labors and aspirations of life.
- Intellectual Growth: Betas are devoted to continually cultivating their minds, including high standards of academic achievement.
- Trust: Betas develop absolute faith and confidence in one another by being true to themselves and others.
- Responsible Conduct: Betas choose to act responsibly, weighing the consequences of their actions on themselves and those around them.
- Integrity: Betas preserve their character by doing what is morally right and demanding the same from their brothers.

To that end, the goal of this guide is to help chapters and alumni think critically around event planning. Before planning your event and using this checklist, please review Beta's Risk Management Policy and campus and IFC policies that govern event planning.

Advisors and alumni should be involved in event planning, but especially large events and events where alcohol will be served. Your Leadership Consultant, District Chief, and campus fraternity / sorority professionals also can offer guidance and advice. The Administrative Office staff is available to review any contracts or agreements. If your event requires proof of insurance or any kind of insurance certification, contact your Director of Chapter Operations at least two weeks before the event. The Administrative Office will not be able to accommodate last-minute requests for insurance certificates.

While following the guidelines outlined here will help to make any event safer, we recommend they be expressly followed when alcohol is present, in any situation sponsored or endorsed by the chapter, or at any event an observer would associate with the fraternity.

Holmes Murphy, Beta's insurance carrier, provides many helpful event planning resources, which are located here: http://www.holmesmurphy.com/fraternal/resources/resources-sororities-fraternities/

Educational credit goes to FIPG, Pi Kappa Phi Fraternity, the North-American Interfraternity Conference, and Holmes Murphy for portions of this resource.

Events with Alcohol
IS THERE ALCOHOL AT THE EVENT?
□ Yes
□ No
HOW WILL ALCOHOL BE PROVIDED?
There are only two ways that alcohol can be provided at a Beta Theta Pi chapter event.
□ BYOB [Bring Your Own Beverage]
Everyone brings their own alcohol for their own personal consumption. Procedures are in place to ensure that each person is carded, that their personal alcohol is labeled and tagged, and that people are only consuming their own alcohol.
See the Holmes Murphy BYOB Checklist for how to plan and manage these events.
☐ Third-Party Vendor Providing Cash Bar [Bars, Restaurants, Catering Companies, Hotels, Etc.]
Contract with a licensed establishment or caterer to provide a cash bar, where individuals purchase their own drinks.
See the FIPG Third Party Vendor Checklist for contracting and working with vendors.
Third party vendors are required for any alumni events with alcohol in chapter houses, per <u>Beta's Risk</u> <u>Management Policy.</u> Alumni planning those events must ensure that vendors are appropriately licensed to sell
beer and wine by the drink in their state. Alumni events at chapter houses cannot include hard alcohol, even if it is served by a third-party vendor.

WHO IS PROVIDING SECURITY?

We strongly recommend that chapters use professional security at events, especially those with alcohol. Professional security can monitor the door, check IDs, monitor members and guests, and help minimize damage to a rented facility.

See the <u>Holmes Murphy Security Vendor Checklist</u> for best practices when contracting for private security services.

YOUR GUEST LIST

Every chapter event must have a guest list. <u>Beta's Risk Management Policy</u> specifies the maximum number of guests per member for each event. A chapter officer should be responsible for managing the guest list at the door to the event and checking guests in and out.

See the Holmes Murphy resource for Building a Guest List.

Many Student Activities offices will provide ID card readers so that you can swipe students in and out of your events. Ask your fraternity / sorority professional if they have resources to help. Note that swiping students in and out does not replace the need for a guest list.

If your event has a theme, it should be tasteful, respectful, and in alignment with Beta's mission, vision, and values.

YOUR EVENT THEME

When selecting a theme, make sure it:				
		Does NOT rely on the stereotypes.		
		Does NOT encourage offensive dress or costumes.		
		Does NOT stereotype men or women.		
		Is NOT sexist.		
		Is NOT centered on making fun of a particular group of people, a culture, or another organization.		
		Does NOT lend itself to members, new members, or guests taking the theme to a place that is disrespectful or degrading.		

SOBER MONITORS

Beta's Risk Management Policy specifies the number of sober monitors required at chapter events.

See the <u>Holmes Murphy Sober Monitor Resource</u> for best practices for appointing and training sober monitors for your events.

☐ Does NOT infringe on the trademarks, logos, or intellectual property of companies or individuals.

ADDITIONAL CONSIDERATIONS

While not specified in Beta's Risk Management Policy, here are some best practices for planning safe events:

- Have food and non-alcoholic beverages. Many bars and restaurants will let you negotiate free sodas and iced tea as part of your venue rental fee. Some will also allow you to bring in your own platters of food.
- Any decorations should be cleared first with the venue and be in compliance with fire codes.
- At least two members of exec should review and sign any contracts; ideally, an advisor would also be involved in reviewing and approving. Copies of signed contracts should be provided to the president, risk manager, and treasurer.
- Beta's Administrative Office staff is happy to help review contracts and leases.
